

# LOW CAST Fire Rated Collars

Locally made, injection moulded fire collar designed to be cast directly into concrete floor slabs for the provision of plastic pipe penetrations for low profile applications.

CLC40

CLC50

CLC65

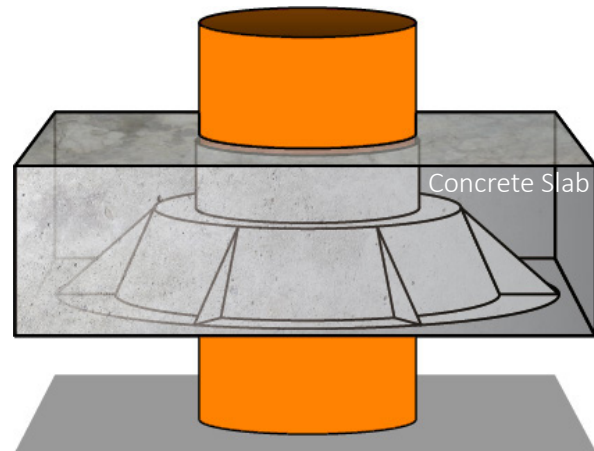

CLC80

CLC100

## Key Features

- 1 Polypropylene body material gives high moisture resistance and flexural strength
- 2 High grade intumescent formulation for fire performance
- 3 Suitable for any slab depth
- 4 Low profile design
- 5 Pipe tight neck design
- 6 Stabilising cap helps locate and retain pipework during install

Pipe material	CLC40	CLC50	CLC65	CLC80	CLC100
PVC	40mm	50mm	65mm	80mm	100mm
PP-R	32 & 40mm	50mm	63mm	75mm	100mm
PP	-	-	-	-	100mm
Height	80mm	80mm	80mm	80mm	80mm
Full diameter (width)	162mm	162mm	162mm	215mm	211mm
Internal cut-out width (base)	107mm	107mm	107mm	160mm	160mm
